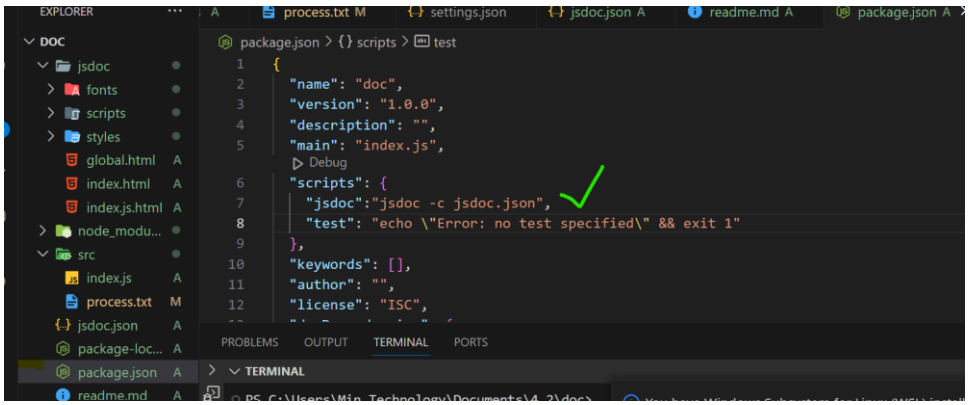
step1: npm init -y

step2: npm i jsdoc

step3: add this line in package.json inside scripts

"jsdoc":"jsdoc -c jsdoc.json",



step4: create jsdoc.json file and add

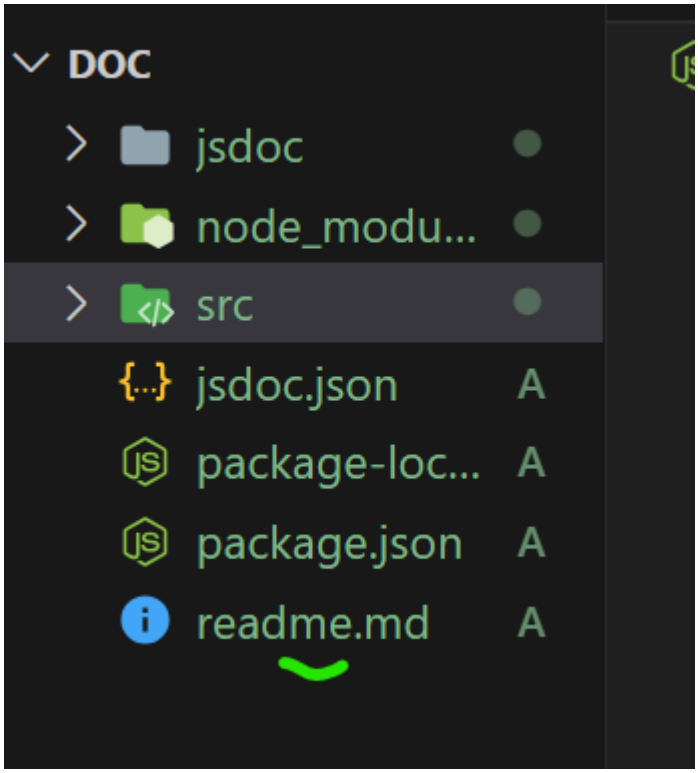
```
{
  "plugins": ["plugins/markdown"],
  "recurseDepth": 10,
  "source": {
    "include":["src"],
    "includePattern": ".js$",
    "excludePattern": "(node_modules/|docs)"
  },

  "templates": {
    "cleverLinks": true,
    "monospaceLinks": true
  },
  "opts":{
    "destination":"./jsdoc",
    "recurse":true,
    "redme":"./redme.md"

  }
```

}

step5: create readme.md file (can be blank)



step6: npm run jsdoc
